As you are aware Manitoba Conservation has recently made changes to Timber Pricing and is preparing to implement new Timber Administration changes as of April 1st, 2008. These changes are intended to streamline timber reporting and payment while improving how timber is tracked and managed in Manitoba.

We will be holding meetings with the forest industry to explain the changes and answer questions regarding the new the system. The meetings will be held on two dates at different locations:

- February 29th in Swan River at the Westwood Inn
- March 6th in Lac du Bonnet at the Legion Hall

The agenda will include the following:

- Introduction to changes
- Spring 2008 - transition from old to new
- Scaling Requirements
- Timber Administration Changes
- Timber Pricing update
- Legislation Changes
- Future Communication

You must call (204-945-7862) to indicate which meeting you will be attending. Both meetings will start at 9:30am and will go to 4:00pm with a 45 minute lunch break. Lunch and refreshments will be provided for those who have pre-registered by phone at least two days prior to the meeting.

Sincerely,

Brad Epp
